

*For the kind attention of His Excellency
The Prime Minister of Great Britain*

Mr Tony Blair

Iraqi Faylee Kurds

Letter of support

Your Excellency

We are here today to show our gratitude to you personally and to your government and to Great Britain for the stance you have pursued over the Iraqi Question and the support you have shown to Iraqi people and to the Kurds in particular all the way through.

We the Faylee Kurds, after the fast development in the Iraqi arena, feel that the Iraqi dictator has left no chance for any peaceful conclusion to the Iraqi question both internally and internationally, and hence the military option is the only option is left for the international community to take.

Iraqis long for democracy, and peace to prevail in our country Iraq. It is very obvious that this cannot be achieved at all under the reign of Saddam Hussain or his followers, and the dire consequences of such rule to be allowed continue to function in Iraq is no doubt of great magnitude. A rule has been a source of continuous instability in the region; a rule has meant nothing for the Iraqis but grave injustice, genocide, oppression, gassing its own people, killings, disappearances, and destruction... Iraqis have suffered more than enough and it is time for the international community to come to the aide of Iraqi people.

We Faylee Kurds suffered years of tyranny at the hands of Saddam; still more than 10,000 of our young men are missing since 1980, whom the regime is known to have tested biological and chemical agents on. Over the years some 500,000 Faylee were deported to Iran. They were stripped of all our properties, belongings, and businesses. Discrimination against us Faylee Kurds is a routine practice at all levels.

We urge Britain and USA and allies to help us Iraqis to get ride of Saddam and his regime, and to restore democracy, peace, order and law in Iraq where all citizens to be equal, and protected, to help Faylee Kurds to gain back their rights.

We Faylee Kurds support, and would like to thank you Prime Minster of Britain Mr Tony Blair and your government for taking the brave decision of taking military option and the wise policies you have shown all way through.
